MANAGE CLINIC SYSTEM

MCS is suitable for a clinic with multiple doctors and consulting rooms. It was developed keeping Polyclinics and Specialist Doctors in mind. Hence the emphasis was mainly on the ease of use and portability. This module is meant for the Doctors. Here the patient's date-wise treatment history is displayed in very comprehensive manner.

MCS offers modules for the management of Doctor's Appointments, Specializations, Diagnostics, Treatment, Prescriptions, Lab Analysis Reports, Patient-Information including history, Administrative activities and Billing. The doctor can add, edit or delete records from this.
